The Quicker, Easier Way

SAVE the time and trouble of dictating a letter—avoid waiting three or four days for a reply to come through the mails.

THE problem of the Illinois Bell Telephone Company to-day is the one of growth. To take care of demands for new service we must build new plant constantly and this requires new capital in large amounts. To obtain such capital requires assurance of satisfactory return.

Turn to your telephone and settle the matter quickly and satisfactorily by direct conversation over the Bell long distance lines.

Whenever possible use the station-to-station service and take advantage of the lower rates.

SERVICE DIFFICULTIES

OUR AIM is to render a service that will be satisfactory to our subscribers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. On the Front Cover of this directory are shown the telephone numbers which should be called to report service difficulties.

IF AT ANY TIME difficulties are not promptly corrected or unsatisfactory conditions persist we shall appreciate your communicating the facts directly to the undersigned.

G. L. WILBURN, Local Manager
Benton St., Woodstock, Ill. Telephone Woodstock 9995

Issued By
ILLINOIS BELL TELEPHONE COMPANY

GENERAL INFORMATION

When using the telephone speak distinctly in a moderate tone of voice with lips close to the mouthpiece.

Answer your bell promptly but do not remove the receiver from the hook while the bell is ringing. It may interfere with the signals.

To recall the operator or when through talking, hang up the receiver and give the handle one sharp turn.

Call by telephone number, not by name.

Call "Information" for names not listed.

Call "Chief Operator" to report unsatisfactory handling of your calls.

Call "Repair Service" when your telephone is out of order.

LONG DISTANCE TELEPHONE SERVICE

Station-to-station service. The term Station-to-Station service is defined as a connection between any two telephones (including private branch exchange switchboard operator) and does not contemplate the establishment of conversation between particular individuals or departments of private branch exchanges.

Under Station-to-Station rates a charge for a message is made in all cases where a connection is established with the called station.

Liberal reductions are made between 7:00 P. M. and 4:30 A. M. on station-to-station calls where the day rate is 35 cents or more as follows:

Evening Rates:—Between 7:00 P. M. and 8:30 P. M. approximately 75% of the day rates.

Night Rates:—Between 8:30 P. M. and 4:30 A. M., approximately 50% of the day rates.

Minimum "Evening" or "Night" rates, 35 cents.

Person-to-person service. Calls for particular individuals are accepted at a rate of approximately one-fourth more than those quoted under Station-to-Station service.

Report Charge. A charge of approximately one-fifth of the Person-to-Person rate to the point involved is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

No Report Charge is made if the call is completed nor in case the report returned is "busy," "out of order," or "don't answer," as applied to the called station.

Messenger calls. Messenger Calls are Person-to-Person calls requiring the use of a messenger to secure a designated person.

The rates for Messenger Calls shall be the same as apply to Appointment Calls, plus any charges that may be required for the service of messengers.

Messenger charges incurred are to be paid even if desired conversation is not held.

Collect calls. Collect Calls are calls, the charges for which are "reversed," that is, to be collected from the called station, provided the charges are accepted by the person called. When the station-to-station rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

For Information not given above concerning long distance service, call "Long Distance."

INTERNATIONAL TELEPHONE SERVICE

Telephone service is available from your telephone to any point in Canada, Cuba, England, Scotland and Wales, and to many of the important cities of Continental Europe

and of Mexico. Communication may be made to these points or information and rates secured by merely calling long distance in the usual way.

REGULATIONS

WITH WHICH THE SUBSCRIBER HAS AGREED TO COMPLY

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which *notice in writing* has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that

fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only\$0.50
- b. If service has been suspended both ways 1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four Party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

When In Doubt, Use Long Distance

A business perplexity may be cleared up within a few minutes by a long distance telephone talk. When your next move depends upon the plans of some one in a distant city you can get the information desired, without delay, by use of the Bell lines. It saves time, money and worry to know exactly where you stand.

**Illinois Bell Telephone
Company**

Co-ordination

FROM fragments, isolated and small, science can reconstruct the great creations of nature. A fossil bone reveals a race of giant lizards. A fern frond embedded in limestone tells of a prehistoric forest. A skull dug from a bed of a river clay records whole chapters in human history.

But rarely can man's handiwork, composite in its elements, be thus imagined from any of its parts. Considered alone, a tiny carbon granule from the telephone transmitter cannot even hint of the complex instrument. Only as part of a co-ordinated mechanism has this littlest unit its full significance.

The telephone needs of the nation require a service national in scope and operation. Men, materials and money on a vast scale are essential. Practical co-ordination of the numberless human and mechanical agencies indispensable to the service is possible only through a nation-wide organization. This the Bell System provides.

Clear It Up By Long Distance

When in the daily course of business a question arises which requires information or a decision from some person not in town, turn to the long distance telephone. No matter how far away this man may be he can usually be reached in a short time over Bell lines.

Illinois Bell Telephone Company

Don't "Cool Your Heels"

MUCH time is wasted by salesmen and others who call upon business men without appointment and are kept waiting in ante-rooms.

This can be avoided by making definite appointments by long distance telephone before you start on your out-of-town trip.

Numbers Frequently Called

LOCAL NUMBERS

You will find this space the most convenient place to list numbers which you call frequently.

Telephone numbers of local and out-of-town subscribers that cannot be found in this directory may be obtained by calling "Information."

NAME	EXCHANGE	NUMBER

OUT-OF-TOWN NUMBERS

Please do not copy old lists of numbers on to this page without first making sure that they are correct by checking local numbers with the printed listings in this issue of the directory and by calling "information" on the out-of-town exchanges.

NAME	CITY OR TOWN	NUMBER
