THE FOLLOWING PAGES contain information that will help you secure the most value from your telephone service. It is to your interest to read them carefully.

AN INDEX of the information contained on these pages is shown on the preceding page.

How to Transact Business with the Company

APPLICATIONS FOR NEW SERVICE. CHANGES IN LOCATION—DISCONTINUANCE OF SERVICE

All matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc., are handled at the Business Offices of the Company.

Subscribers desiring telephone equipment rearranged or moved from one address to another should notify the Business Office not less than ten days in advance.

Subscribers desiring telephone service discontinued, either permanently or temporarily, should give not less than ten days' notice to the Business Office.

The location of the Business Office is shown on page iii of this directory.

CHANGES IN DIRECTORY LISTINGS

This telephone directory is issued regularly twice a year. Notification as to new listings, changes or corrections should be made, preferably in writing to the Business Office at once.

How to Make Emergency Calls

TO REPORT A FIRE

Barrington 0.....**BARRINGTON**
Lake Zurich 52-W.....**LAKE ZURICH**
Wauconda 42.....**WAUCONDA**

TO CALL THE POLICE

Barrington 230
Lake Zurich 52-W
Wauconda 42

When calling the Fire or Police departments, you should give your message direct to the department concerned. Give your name, street address, and between what cross streets that address is located, to the department called.

Any subscriber in an emergency may call the operator and ask for the department wanted by name instead of calling the department direct by number and the operator will establish the connection.

How to Use the Telephone

OBTAIN CORRECT TELEPHONE NUMBERS

Always obtain the correct number from the current issue of the telephone directory before you make a call. If the desired number is not in the directory, call "Information."

HOW TO PRONOUNCE TELEPHONE NUMBERS

Pronounce telephone numbers in the order printed, for example: Barrington four-five-oh-seven.

HOW TO SPEAK

Speak slowly, clearly and directly in the telephone with the lips about half an inch from the mouthpiece. Your voice will carry much better if you do so.

TO RECALL THE OPERATOR

On a **Common Battery** telephone (one where you signal the operator by merely lifting the receiver from the hook) to recall the operator on a connection, move the receiver hook up and down slowly three or four times.

On a **Magneto** telephone (one where you signal the operator by turning a crank) if you wish to recall the operator hang up the receiver and give the handle one quick turn. When you finish your conversation, receive a report that the number you wish to talk with is busy, or your party does not answer, hang up the receiver and give the handle one quick turn.

THE BUSY SIGNAL

The busy signal is a buzz-buzz-buzz—which informs you that the called line is in use.

How to Use the Telephone (continued)

PARTY LINES

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver carefully and quietly to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts promptly to the Chief Operator.

General Information for Subscribers

EXCHANGE SERVICE

Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

IDENTIFICATION OF EMPLOYEES

All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. Beware of persons misrepresenting themselves as employees of the Telephone Company.

ATTACHMENTS TO TELEPHONES

Telephone instruments have been designed as they are to produce the best results and are necessarily very sensitive and intricate. The various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, destroy germs, supplant the telephone directory, etc., are unnecessary.

Many of them get the telephone lines and instruments into trouble, and the Company, to protect its service, is compelled to remove them.

Subscribers' contracts provide that no instruments or appliances not furnished by the Company shall be attached to or used in connection with its instruments or lines.

DIRECTORY ADVERTISING

The Manager will furnish upon request any information regarding directory advertising.

TELEPHONE DIRECTORIES OF OTHER CITIES

Telephone directories of the principal cities in the United States and Canada will be obtained for any of our subscribers desiring them. Information in regard to securing

these directories may be obtained by calling the Manager.

REGULATIONS AND TARIFFS

The tariffs of this Company are on file in each Business Office and may be inspected upon application.

A representative of the Company will lend any assistance necessary in securing information from such tariffs.

ERRORS IN THIS DIRECTORY

The Company cannot and does not assume any liability for damages arising for errors or omissions in making up or printing its directories. Please check your listing in the directory. If it is incorrect in any way, please call the Manager so that it may be corrected in the next issue.

ANSWERING TELEPHONE CALLS

By answering telephone calls promptly, you materially aid the Company in its endeavor to give satisfactory service.

When answering calls, announce the name of firm, your telephone number, or your name. When a called number answers, announce first your own name or the name of your firm then the name of the person to whom you wish to talk.

TELEPHONE NUMBERS

It is a convenience to your customers to print your own telephone number on your letterheads, signs, etc. However, telephone numbers are subject to change and if used on stationery and other forms of advertising should, in the best interests of their service, be promptly corrected when, for any reason, a telephone number change is necessary.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

When calling the telegraph company, follow the instructions shown under its listing in this directory.

By arrangement with the Western Union Telegraph Company, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the message charges in the coin box.

How to Make Long Distance Calls

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—Ask your operator for "Long Distance." When "Long Distance" answers, give her the details of your call, *including the telephone number*, if known, at the distant place, and wait for her directions. She will either request you to wait at the telephone without hanging up your receiver, or she will request you to hang up the receiver until you are called.

STATION-TO-STATION SERVICE *From One Telephone to Another*

This service is the connection of one telephone station with another telephone station at a distant toll point.

To obtain this form of service, tell the long distance operator that you will talk with "anyone who answers."

Charges on Station-to-Station calls may be reversed (at Day, Evening or Night rates) if the initial period rate is 25 cents or more, provided "anyone" answering at the called station accepts the charge. If the initial period rate is 20 cents such a reversed call is accepted at the 25 cent rate. When the initial rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

If the request for reversal of charges is not accepted, and the call is cancelled, then the regular Report Charge applies as under Person-to-Person service.

Station-to-Station Day Rates—4:30 A. M. to 7:00 P.M.

Station-to-Station Evening Rates—7:00 P. M. to 8:30 P. M.

Approximately 75 per cent of the day rates, but with no rate reduced below 35 cents.

Station-to-Station Night Rates—8:30 P. M. to 4:30 A. M.

Approximately 50 per cent of the day rates, but with no rate reduced below 35 cents.

PERSON-TO-PERSON SERVICE *From One Person to Another*

All Hours, Day or Night. This service differs from the Station-to-Station service in that a particular person, or particular extension of a Private Branch Exchange, is called for instead of "anyone who answers the telephone" at the distant end. The rates for this service are not reduced during the evening or night hours. Charges for this service may be "reversed" or collected at the distant station if accepted by such station.

Owing to the fact that the Company may be unable, for reasons beyond its control, to complete calls for particular persons or P. B. X. stations, this class of call is accepted only with the understanding that a **Report Charge** will apply, under the conditions outlined below, if a chargeable conversation does not result.

Person-to-Person Call Rates are about one-fourth greater than the **Station-to-Station Day Rates**.

Appointment Call Rates are the same as those quoted for **Person-to-Person** calls. An appointment call is one on which connection is to be established at a specified time set by either party. **Report Charges** apply.

Messenger Call Rates, are the same as those for **Person-to-Person** calls plus a charge for messenger service required to notify the desired person to come to the telephone. In case the desired person cannot be secured, a **Report Charge** plus the **Messenger Charges** must be paid.

Reversed Charges — Messages or calls on which charges are to be "reversed," or collected at the distant end.

How to Make Long Distance Calls—(continued)

If you desire the charges reversed you should advise the operator **when you place the call**. If the called party refuses to accept the charges a **Report Charge** will be made unless the call is then completed as a Person-to-Person paid message.

Report Charge. A charge of approximately **one-fifth of the Person-to-Person rate** to the point involved is made if communication cannot be established

on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

No Report Charge is made if the call is completed nor in case the report returned is "busy," "out of order," or "don't answer," as applied to the called station.

For Additional Information call "Long Distance."

How to Place Station-to-Station Calls to Nearby Places

Station-to-Station calls to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give your operator the number desired and stay on the line until you are connected.

NAME	EXCHANGE	NUMBER

REGULATIONS

WITH WHICH THE SUBSCRIBER HAS AGREED TO COMPLY

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance of the Company on an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged, during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

Bills are rendered once a month, to cover (a) one month's charges for local exchange service in advance, and (b) toll and other charges in arrears. Bills are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that

fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of the following restoral of service charge:

- a. If service has been suspended one way only\$0.50
- b. If service has been suspended both ways 1.00

Measured Service, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

One incoming line (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

Four Party Service is furnished only where at least two subscribers within the limits of a single block apply for such service, or there is a vacancy on an existing circuit.

Two-party Service beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

Four-party Service beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

Rural Service is furnished only where at least two subscribers are secured for each one mile of line built.

Just Like a Visit

How long has it been since you visited the old home town?

Of course, it's a long trip—you scarcely have time to make it now.

But you can telephone—to father or mother, to the other relatives and old time close friends. It is the next best thing to a personal visit.

Bell lines reach everywhere and you will be surprised at the very moderate cost of a call.

Queer — isn't it?

Man wakes up in the morning, after sleeping under an advertised blanket, on an advertised mattress; takes off advertised pajamas; takes a shower in an advertised tub; shaves with an advertised razor; washes with an advertised soap; powders his face with an advertised powder; dons advertised underwear, hose, shirt, collar, shoes, suits, handkerchief; sits down to breakfast of an advertised cereal; drinks advertised coffee; puts on an advertised hat; lights an advertised cigar; rides to his office in an advertised car on advertised tires, where he refuses to advertise on the grounds that advertising does not pay.

Think it over—then if you want to increase your business in your own town, you will certainly advertise in your Telephone Directory.

Study the Advertising in this Directory

Glance over the advertisements and note character of the business men who are appealing to you for your business through this medium. Note the wide variety of services and products that are advertised.

If your memory is good, you will probably recall that you saw most of these advertisements in preceding issues of the directory.

And then put this question to yourself:

If so many keen business men keep using this directory to ask telephone users for their trade, they **MUST** be getting results from this advertising. And if **THEY** are getting results from telephone directory advertising, why can't I?

YOU CAN. And the rates are exceedingly reasonable — so reasonable, in fact, that telephone directory advertising, for the quantity and quality of publicity service rendered and the results secured, is the most economical high quality advertising you can purchase.
