# REGULATIONS

## With Which the Subscriber Has Agreed to Comply

---

To establish credit an applicant who is unknown to the Company is required to make an advance payment for not to exceed three months' service.

Where the cost of installation is out of proportion to the exchange revenue it produces, the subscriber will be required to pay a reasonable proportion of such cost.

Following the acceptance by the Company of an application for service, the Company assigns a telephone number, but this number is not a part of the contract and may be changed at any time at the discretion of the Company.

Under average conditions the Company requires ten days to arrange for and complete an order to install or move a telephone.

To guard against interference with the service, unauthorized attachments with the telephone lines or instruments are prohibited.

For any complete failure of service, of which notice in writing has been sent to the Company's Business Office, and which has continued for more than twenty-four hours thereafter, an abatement of the contract charge shall be made for the period of such interruption.

The continuous use of a party line is limited to five minutes. Party line subscribers are necessarily associated on the line with others located nearest to them and using the same class of service. Mutual accommodations usual in public service of any kind, where two or more persons are jointly concerned, should be extended between party line users.

Where the service of a subscriber is temporarily discontinued and the telephone number is retained during absence on vacation, one-half the regular rental shall be charged during such period, provided written notice of the temporary discontinuance of service is given to the Company in advance.

**Denial for Non-payment and Restoral of Service:** (a) In the event that any sum due (except as provided in c below) is not paid on or before the 14th day after the issuance of the bill, a written notice may be sent to the subscriber, calling attention to the fact that the amount is due; and, if payment is not made within seven days thereafter, the Company may deny service without further notice. (b) In the case of coin box service, if any amounts due are not paid to the collector at the time of collection, a notice will be left at the subscriber's premises stating the amount due and notifying the subscriber that if payment is not made within seven days thereafter, the Company may deny service without further notice. (c) Special toll bills, which

may be rendered at any time by the Company, are payable upon presentation and if not paid at once a notice will be forwarded to the subscriber stating the amount due and notifying the subscriber that if payment is not made within three days thereafter, the Company may deny service without further notice.

When the service of a subscriber has been denied in accordance with the preceding paragraphs, but the service has not been terminated or the order to remove the service has not been completed, if such service is restored, a Restoral of Service Charge will be made. In case service has been denied, in addition to the Restoral of Service Charge, the subscriber will be required to pay all service charges up to the time of restoral of service.

Subsequent to the completion of an order to terminate the service, it will be reestablished only upon the basis of a new service application.

Restoral of Service Charge . . . . . \$1.00

**Measured Service**, where furnished, is billed on a monthly period guarantee basis, the bill for each period to cover (a) the guaranteed charges for one month in advance, and (b) additional messages and toll in arrears. Failure to use the minimum guaranteed number of messages in any monthly period, or the use of messages in excess of such number, does not entitle the subscriber to any allowance in any other monthly period.

**One incoming line** (one-way service) furnished only for each individual two-way flat rate line or two-way trunk line.

Not more than two joint users will be allowed on P. B. X. or individual line service; and not more than one joint user in connection with a party-line subscriber.

**Four-party Service** is furnished only where at least two subscribers within the limits of a single block apply for such service, or where there is a vacancy on an existing circuit.

**Two-party Service** beyond the established exchange area will be furnished only where two parties outside said area, but within one-quarter mile of each other, apply for service at the two-party rate.

**Four-party Service** beyond the established exchange area will be furnished only when at least three parties outside said area, who are within a radius of one-quarter mile of each other, apply for the service at the four-party rate.

**Rural Service** is furnished only where at least two subscribers are secured for each one mile of line built.

## Service Difficulties

OUR AIM is to render a service that will be satisfactory to our subscribers. We realize that difficulties will sometimes occur despite all our efforts to avoid them. On the Front Cover of this directory are shown the telephone numbers which should be called to report service difficulties.

IF AT ANY TIME difficulties are not promptly corrected or unsatisfactory conditions persist, we shall appreciate your communicating the facts directly to the undersigned.

**THE FOLLOWING PAGES** contain information that will help you secure the most value from your telephone service. It is to your interest to read them carefully.

**AN INDEX** of the information contained on these pages is shown on the preceding page.

## How to Transact Business with the Company

### Applications for New Service. Changes in Location— Discontinuance of Service

All matters relating to new telephone service, removals, termination of service, directory listings, adjustments of accounts, collection of bills, etc., are handled at the Business Offices of the Company.

Subscribers desiring telephone equipment rearranged or moved from one address to another should notify the Business Office not less than ten days in advance.

Subscribers desiring telephone service discontinued, either permanently or temporarily, should give not less than ten days' notice to the Business Office.

The location of the Business Office is shown on page iii of this directory.

### Changes in Directory Listings

This telephone directory is issued regularly twice a year. Notification as to new listings, changes or corrections should be made, preferably in writing to the Business Office at once.

## How to Make Emergency Calls

### TO REPORT A FIRE

Barrington 0.....BARRINGTON.....Barrington 230  
Lake Zurich 52-W.....LAKE ZURICH.....Lake Zurich 52-W  
Wauconda 42.....WAUCONDA.....Wauconda 42

When calling the Fire or Police departments, you should give your message direct to the department concerned. Give your name, street address, and between what cross streets that address is located, to the department called.

### TO CALL THE POLICE

Any subscriber in an emergency may ask the operator for the department wanted by name instead of calling the department direct by number and the operator will establish the connection.

## How to Use the Telephone

### Obtain Correct Telephone Numbers

Always obtain the correct number from the current issue of the telephone directory before you make a call. If the desired number is not in the directory, call "Information."

### How to Pronounce Telephone Numbers

Pronounce telephone numbers in the order printed, for example: Barrington four-five-oh-seven.

Speak slowly, clearly and directly in the telephone with the lips about half an inch from the mouthpiece. Your voice will carry much better if you do so.

### To Recall the Operator

On a **Common Battery** telephone (one where you signal the operator by merely lifting the receiver from the hook) to recall the operator on a connection, move the receiver hook up and down slowly three of four times.

On a **Magneto** telephone (one where you signal the operator by turning a crank) if

you wish to recall the operator hang up the receiver and give the handle one quick turn. When you finish your conversation, receive a report that the number you wish to talk with is busy, or your party does not answer, hang up the receiver and give the handle one quick turn.

### The Busy Signal

The busy signal is a buzz-buzz-buzz—which informs you that the called line is in use.

### Party Lines

All subscribers on the line have equal rights; for that reason calls should be reasonably limited in length of conversation. To make for efficient service and to prevent annoyance to others on the line the following rules should be observed:

When you wish to call, remove the receiver and listen. If the line is in use, restore the receiver carefully and quietly to the hook and wait for those using the line to finish.

Always answer your own signal. If there is any confusion about the rings, report the facts promptly to the Chief Operator.

# General Information for Subscribers

## Exchange Service

Business service is furnished for use of subscribers and their employees only in their business and for such extra name users on the same premises as may be contracted for by the subscribers.

Residence service is furnished for the use of subscribers and their families only at their residences and for such extra name users on the same premises as may be contracted for by the subscribers.

## Regulations and Tariffs

The tariffs of this Company are on file in each Business Office and may be inspected upon application.

A representative of the Company will lend any assistance necessary in securing information from such tariffs.

## Identification of Employees

All employees of the Company whose duties require them to enter the premises of its subscribers for any purpose whatever are supplied with identification cards, each card bearing the photograph and name of the employee entitled to carry it. Any subscriber having the slightest doubt as to the identity or the right of the person representing himself to be an employee of the Company should inspect the credentials. Beware of persons misrepresenting themselves as employees of the Telephone Company.

## Attachments to Telephones

Telephone instruments have been designed as they are to produce the best results and are necessarily very sensitive and intricate. The various unauthorized devices offered for sale, which are supposed to improve transmission, eliminate noise, destroy germs, supplant the telephone directory, etc., are unnecessary.

Unauthorized devices get the telephone lines and instruments into trouble, and the Company, to protect its service, is compelled to remove them.

Subscribers' contracts provide that no instruments or appliances not furnished by the Company shall be attached to or used in connection with its instruments or lines.

## Telephone Numbers

It is a convenience to your customers to print your own telephone number on your

letterheads, signs, etc. However, telephone numbers are subject to change and if used on stationery and other forms of advertising should, in the best interests of their service, be promptly corrected when, for any reason, a telephone number change is necessary.

## Errors in this Directory

The Company cannot and does not assume any liability for damages arising for errors or omissions in making up or printing its directories. Please check your listing in the directory. If it is incorrect in any way, please call the Manager so that it may be corrected in the next issue.

## Personal Telephone Directories

A personal telephone directory for use at home or office, showing names, addresses and telephone numbers of friends, relatives or business associates in other cities will be gladly furnished upon request to our Business Office.

## Telephone Directories of Other Cities

Telephone directories of the principal cities in the United States and Canada will be obtained for any of our subscribers desiring them. Information in regard to securing these directories may be obtained by calling the Manager.

## Directory Advertising

The Manager will furnish upon request any information regarding directory advertising.

## Telegrams by Telephone

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph Cable Company or Western Union Telegraph Company.

By arrangement with these telegraph companies, the charges for telegraph messages sent by telephone will appear on your monthly telephone bill. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

When calling either of these telegraph companies, follow the instructions shown under its listing in this directory.

# How to Make a Long Distance Call

First—Determine whether the lower priced Station-to-Station service can be used or whether Person-to-Person service is more suitable.

Second—Ask your operator for “Long Distance.” When “Long Distance” answers give her the name of the place and telephone number you are calling (add the name of the party wanted if Person-to-Person service is desired). Then, if you are asked to hold the line understand that your own number will be requested while the call is being completed at the distant place.

If you do not know the number of the telephone you wish to reach, call “Information.”

## Station-to-Station Service From One Telephone to Another

Station-to-Station calls are calls on which you do not ask the operator for any particular person or particular Private Branch Exchange station.

This service is the connection of one telephone station with another telephone station at a distant toll point.

To obtain this form of service, tell the long distance operator that you will talk with “anyone who answers.”

Charges on Station-to-Station calls may be reversed (at Day, Evening or Night rates) if the initial period rate is 25 cents or more, provided “anyone answering at the called station accepts the charge. If the initial period rate is 20 cents such a reversed call is accepted at the 25-cent rate. When the initial rate is less than 20 cents, reversal of charges is made only under the corresponding Person-to-Person rate.

If the request for reversal of charges is not accepted as above, and the call is cancelled, then the regular Report Charge applies as under Person-to-Person service. Station-to-Station calls are handled more rapidly and at lower rates than Person-to-Person calls. Reduced rates, generally, are in effect during evening and night periods, as follows:

**Day Rates**—4:30 A.M. to 7:00 P.M.

**Evening Rates**—7:00 P.M. to 8:30 P.M.

**Night Rates**—8:30 P.M. to 4:30 A.M.

The time at the originating end whether Central Standard or Daylight Saving, governs the charge at the time the connection is established.

On evening or night rates, reductions do not apply on calls where rate for initial period is 35c or less.

## Person-to-Person Service From One Person to Another

**All Hours, Day or Night.** This service differs from the Station-to-Station service in that a particular person, or particular extension of a Private Branch Exchange, is called for instead of “anyone who answers the telephone” at the distant end. The rates for this service are not reduced during the evening or night hours. Charges for this service may be “reversed” or collected at the distant station if accepted by such station.

Owing to the fact that the Company may

be unable, for reasons beyond its control, to complete calls for particular persons or Private Branch Exchange stations, this class of call is accepted only with the understanding that a Report Charge will apply, under the conditions outlined below, if a chargeable conversation does not result.

Person-to-Person call rates are somewhat higher than the corresponding Station-to-Station Day Rates.

## General Information

**Appointment Call Rates** are the same as those quoted for Person-to-Person calls. An appointment call is one on which connection is to be established at a specified time set by either party. Report Charges apply.

**Messenger Call Rates** are the same as those for Person-to-Person calls plus a charge for messenger service required to notify the desired person to come to the telephone. In case the desired person cannot be secured, a Report Charge plus the Messenger Charges must be paid.

**Reversed Charges**—Messages or calls on which charges are to be “reversed,” or collected at the distant end.

If you desire the charges reversed you should advise the operator when you place the call. If the called party refuses to accept the charges a Report Charge will be made

unless the call is then completed as a Person-to-Person paid message.

**Report Charge.** A Report Charge is made if communication cannot be established on Person-to-Person, Appointment, Messenger or Reversed Charge calls for reasons beyond the Company's control.

**Request for Charges.** If you desire to be told the charge, it will save time if you so advise the operator when you place the call. In the case of reversed charge calls it is important that you make the request when you agree to accept the charges.

**Bills for Toll and Long Distance Service** cover the charges for one month preceding the date of the bill.

Report all Complaints of Long Distance Service to the “Long Distance Supervisor.”

For Additional Information call “Long Distance.”

# Toll Calls Handled by Your Operator

Station-to-Station calls to the points shown below are handled by your local operator. It is not necessary to call "Long Distance." Simply give the number desired to your operator who will record and complete the call.

# CLASSIFIED TELEPHONE DIRECTORY of BARRINGTON, LAKE ZURICH AND WAUCONDA

January, 1932

## How to Use the Classified Directory

### To Find Where to Buy the Article or Service You Want

*First, locate the heading by the name of the article or service you wish.*

*Then, select from the listings the dealer with whom you wish to do business.*

Under these headings may also be found headings descriptive of particular kinds of articles or services and the dealers in a position to serve you. The advertisements provide you with more complete buying information.

### To Find the Telephone Number of a Business Con- cern You Have in Mind

*First, locate the heading descriptive of the general type of business. This will be found in its regular alphabetical order.*

*Next, locate the desired concern and telephone number by examining the listings under the heading.*

Trademark or brand names will be found in alphabetical order according to the trademark or brand name, also under the general business classification.

THE REUBEN H. DONNELLEY CORPORATION

Publishers

**SHURTLEFF GO THE** 200 N Hough. Barrington-22

**For the Hard of Hearing**

A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our Business Office will gladly give further information
